We would like to offer a biweekly choice board to provide you with some extra activities if you are interested, especially for those who are choosing not to come to school at this time. Please do not feel any pressure to complete these, they are just available to you if you are looking for additional educational activities for your child.

*Choose what works for your family. You can complete all the activities throughout the week, you can complete an activity more than once, you can choose not to do some activities. You can do them in order or jump around - point is, **stress-free "play" learning is the goal!***

*If you choose only one or two activities a day, we encourage you to start with the ones in the **"Try these activities first!"** sections. If you are looking for more, try the **"Additional Activities"** sections. \*Many of these skills are transferable from English to French. Do this in whichever language you choose.*
