

BLENDED LEARNING CHOICE BOARD

Maternelle Div. RSB1

Try these activities first!	Literacy / Fine Motor Skills	<p>Create a book using the sentence prompt "J'aime" (I like). For example, on the first page write 'J'aime les livres" (I like books). Think of at least 3 more things that you like. Have an adult help you find the French words by looking them up on this website. https://www.linguee.com/ illustrate each page by drawing a picture of what it is you like, and have someone help you staple the book together. Reread the book to someone in your family using the pictures to help you remember what you wrote.</p>	<p>Practicing the new French complex sounds.</p> <p>Explore <i>Je lis, je lis</i></p> <p>Listen to the book <i>J'observe les graines</i> on Epic!</p>	<p>Review, practice, and write out our sight words.</p> <p>https://mmeboudreaumaternelle.weebly.com/french-site-words-mots-freacutequents.html</p>	<p>Reread your favorite book at home, either with someone else or by yourself. Then, use your imagination and make up a story about what the characters do after the events in the book. Draw out your story, put the story in the proper sequence then tell your new story to someone else.</p>	<p>Pochette d'histoires</p> <p>Continue making journal entries at home and post them on FreshGrade.</p> <p>https://mmeboudreaumaternelle.weebly.com/pochette-dhistoires.html</p>
	Numeracy	<p>Play <i>Ice Cream Match Up</i> You can find instructions and game pieces on the website under <i>Les mathématiques</i></p>	<p>Play a game or two of <i>Reach for the top</i>. Here's a video with the instructions https://www.youtube.com/watch?v=Y6zIMzPQByk</p>	<p>Play a game of <i>Which One Doesn't Belong</i>. Have an adult help you go to https://wodb.ca/shapes.html and pick one of the pictures</p>	<p>Play <i>M. Ver de 5!</i> Find a partner and pick something to use as game pieces for each of you (could be beans, pompoms, coins, etc.) When it is your</p>	<p>Continue to work on IXL 😊</p>

		<p>or click on the link below.</p> <p>https://mmeboudreaumaternelle.weebly.com/les-matheacutematiques.html</p>	<p>and the game board is posted on the website under <i>Les mathématiques</i> or click on the link below.</p> <p>https://mmeboudreaumaternelle.weebly.com/les-matheacutematiques.html</p>	<p>(SHAPE 1, 2, 3 are particularly good starting places, as are 31 and 35). Which of the 4 items does not belong in the group? Why? Is there a different one that doesn't belong?</p>	<p>turn, put 2 pieces on two of the circles of the snake. The two circles should add up to 5. Then it's your partner's turn. At the end of the game, the player with the longest chain of pieces is the winner!</p> <p>https://mmeboudreaumaternelle.weebly.com/les-matheacutematiques.html</p>	
<p>Additional activities</p>	<p>Physical Literacy/Outdoors</p>	<p>Balance Beam - Using painter's tape, tape down a line of any length, and test. Challenge your child to follow the line all the way to end.</p> <p>Angles: Try taping down further lines at different angles.</p> <p>Spirals and zigzags are always fun.</p> <p>Backwards: Switch up the challenge by having the child walk the tape line backwards or with eyes closed (socks off so they can feel the line).</p> <p>Other variations: Walk the tape line heel-to-toe or try jumping down the</p>	<p>The <i>Brain Dance</i> is a great way to develop our brains and our bodies. Follow along with this example at https://www.youtube.com/watch?v=UH2xNx2t6Xw</p>	<p>Use sidewalk chalk and create your own version of hopscotch on a sidewalk or driveway. What different challenges for yourself can you put into your game?</p>	<p>Parachute - This one is fun for the entire family! Get a bedsheet and have everyone hold a side while quickly moving their arms up and down. Add to the fun by putting some small balls or balloons on top and see how fast you can work together to knock them all off.</p>	<p>Bowling - Use painter's tape or washi tape to set up your bowling "lane" and use plastic bottles or cups for the bowling "pins". Line the pins up in traditional bowling fashion or create a pyramid and have your kids try to knock down as many as possible by rolling a small ball.</p>

		line (both feet still on!)				
Kindness/Responsibility/Community/Social Learning	Keep following along with how our bean seeds are growing. What changes have happened since we first put the seed into its container. Do you have a guess as to how tall it is now? How tall do you think it would grow if we let it keep going? Right now, it's just in a jar with some water, and in the window where it can get some sunlight. Do you remember what the third thing is that it would need to grow up healthy?	Make a book about your feelings. You should have a different page for each feeling. Draw a picture of what your face looks like when you are feeling that feeling. You can practice in a mirror if you aren't sure. What feelings can you think of?	Watch the video <i>Empathy</i> on Epic!	6 ways to teach your kids to be kind https://www.parents.com/kids/development/social/teaching-kids-to-be-kind/	How to help your child's compassion grow https://greatergood.berkeley.edu/video/item/how-to-help-your-childs-compassion-grow	

Green = by themselves **Blue** = with some support at times **Pink** = with support/ a person to play with

We would like to offer a biweekly choice board to provide you with some extra activities if you are interested, especially for those who are choosing not to come to school at this time. Please do not feel any pressure to complete these, they are just available to you if you are looking for additional educational activities for your child.

Choose what works for your family. You can complete all the activities throughout the week, you can complete an activity more than once, you can choose not to do some activities. You can do them in order or jump around - point is, **stress-free “play” learning is the goal!**

If you choose only one or two activities a day, we encourage you to start with the ones in the **“Try these activities first!”** sections. If you are looking for more, try the **“Additional Activities”** sections. *Many of these skills are transferable from English to French. Do this in whichever language you choose.
